B. AUTHORSHIP AND PUBLICATION DECLARATIONS

- ☐ 1. The manuscript is original, has not been published previously, and is not under consideration by another journal.
- ☐ 2. Every listed author has made a substantial scholarly contribution and meets the journal authorship criteria.
- ☐ 3. No gift, guest, honorary, or ghost author has been included, and no eligible contributor has been omitted.
- ☐ 4. All authors have approved the author list, author order, affiliations, and the final submitted version.
- ☐ 5. The CRediT contribution statement accurately records the role(s) performed by each author.
- ☐ 6. The data, results, figures, and tables are accurate and have not been fabricated, falsified, or inappropriately manipulated.
- ☐ 7. Applicable ethical approval, informed consent, trial registration, and patient confidentiality requirements have been fulfilled.
- ☐ 8. All financial and non-financial conflicts of interest have been fully disclosed.
- ☐ 9. All funding, sponsorship, institutional support, and relevant acknowledgements have been disclosed.
- ☐ 10. Permission has been obtained for all copyrighted or previously published material used in the manuscript.
- ☐ 11. Any use of generative AI or AI-assisted tools has been disclosed and no AI tool is listed as an author.
- ☐ 12. All authors agree to comply with the journal policies, editorial decisions, and applicable publication licence terms.

Important:

Checking a box confirms that all authors have reviewed and agreed to that declaration. False or misleading declarations may result in rejection, correction, retraction, or referral to the relevant institution.

Enter details for each author. Attach an additional signed sheet when the manuscript has more than six authors.

D. CORRESPONDING AUTHOR CERTIFICATION

☐ I certify, on behalf of all authors, that the information in this form is complete and accurate; all authors have approved the manuscript and contribution statement; and I am authorized to communicate with GJMHS throughout submission, peer review, publication, and post-publication correspondence.

Corresponding author name Date

Signature / typed name Email

Use author initials to identify who performed each role. More than one author may be listed for a role, and one author may have multiple roles. Only roles that genuinely apply should be completed.

E. CRediT CONTRIBUTOR ROLES

CRediT role	Role description	Author initials
Conceptualization	Ideas; formulation or evolution of overarching research goals and aims.	
Methodology	Development or design of methodology; creation of models.	
Software	Programming, software development, code implementation, or algorithm testing.	
Validation	Verification of results, experiments, or other research outputs.	
Formal analysis	Application of statistical, mathematical, computational, or other formal techniques.	
Investigation	Conducting research and data/evidence collection.	
Resources	Provision of materials, participants, instruments, samples, or computing resources.	
Data curation	Management, annotation, cleaning, preservation, and maintenance of research data.	
Writing - original draft	Preparation and creation of the initial manuscript draft.	
Writing - review & editing	Critical review, revision, and editing of the manuscript.	
Visualization	Preparation or presentation of figures, tables, and data visualizations.	
Supervision	Oversight, mentorship, and leadership responsibility for the research activity.	
Project administration	Management and coordination of the research planning and execution.	
Funding acquisition	Acquisition of financial support for the project.	

CRediT statement approval

☐ All authors confirm that the roles entered above accurately reflect their contributions and that authorship credit is not based solely on position, funding, supervision, or administrative authority.
